PARTNER OPPORTUNITIES

A flexible sponsorship framework for one local event or the growing Cast for a Cause network. Specific benefits, prices and availability are confirmed in a written agreement.

Ways to participate

- Local Event Partner: support a specific tournament or community event, with event-specific recognition.
- Regional Series Partner: support multiple events within a region, with coordinated visibility and recaps.
- Network Partner: discuss a broader annual commitment across markets and event formats.
- In-Kind Partner: contribute gear, prizes, food, printing, venue access or services that reduce event costs.

Activation ideas

- Branded fishing challenge or team division, subject to format and rules approval.
- On-site demonstration or participant experience relevant to the event.
- Sponsor-supported youth introduction day or veteran/family fishing outing.
- Post-event recap with verified participation and impact figures.

What a proposal should specify

- Events and dates covered, cash and in-kind value, payment timing and cancellation terms.
- Logo placement, announcements, on-site presence, content permissions and approval deadlines.
- Category exclusivity only where specifically negotiated and approved.
- How charitable acknowledgments and any tax-related statements will be handled by the Foundation.
